Visitors to last years 'Phantoms of the Sky' conference will no doubt remember that there was some difficulty in obtaining food and drink in Sheffield, especially on the Sunday lunch time. This year this problem has been overcome. THE SURREY public house lies just opposite the library's main entrance, just a hundred yards or so from the library theatre, and the proprietor, Colin James, has specially opened for Congress delegates on Sunday lunch time. Full pub facilities will be available plus a selection of Sunday lunches to suit most tastes. There is no where else open locally on Sunday lunch time so all Congress delegates are advised to use THE SURREY for Sunday lunch as well as paying it a visit on Friday and Saturday.

MUFON's board of consultants, most of whom are PhDs or MDs representing 45 areas of science, are readily available as an advisory group to apply their expertise to UFO cases under study and to conduct advanced research in their respective field. A monthly magazine, the MUFON UFO JOURNAL is our most significant means of sharing details of UFO sighting reports and vital information related to the UFO phenomena with our members throughout the world.
